Explorations prides itself on bringing travelers the very best experiences a destination offers. When traveling in Africa you will encounter full days of sightseeing, frequently in warm temperatures. In order to most fully experience the wildlife, you will be traveling by custom built safari vehicle which requires climbing in and out frequently and sometimes travel on bumpy roads. To experience Africa fully, Explorations recommends that all travelers be in reasonably good health and prepare properly. Unfortunately, wheelchairs cannot be accommodated on this trip. In addition, passengers who require assistance walking or who travel with oxygen tanks will not fully enjoy this trip and Explorations strongly recommends a different Explorations tour. Transfers to and from the London Airport to Hotel on Day 2 are not included in the price of your tour.
